

MEETING OF THE BOARD OF HEALTH.

Duties of the Health Officer.

Nomination of Health Officer, &c.

An adjourned meeting of the Board of Health was held at their room at 7 o'clock last night, when there was a large attendance of the members, it having been announced that there would be an election of Health and Assistant Health officers.

The special committee to define the duties of the health officer reported in substance, as follows:

It shall be the duty of the health officer to organize in the best manner for the sanitary condition of the city; report the amount of sewerage, cleanliness, &c.; to keep a meteorological table, and make a daily report of the same, and to report to the board monthly what measures he is taking to ward off disease. He shall make personal inspection of all places where there are infectious diseases, and make a full report to the board. In cases where the services of the Council are needed, it shall be the duty of the health officer to make a scientific examination of the same.

The report at some length defined the duties of the health officer in regard to nuisances referred to in the ordinance creating his office. He shall be responsible for the proper inspection of all nuisances, shall personally inspect all places complained of to him as nuisances, and keep a full record of the same. The office of the health officer shall be kept open from nine o'clock in the morning, and until five o'clock in the evening.

The health officer shall be responsible for the proper inspection of all nuisances, shall personally inspect all places complained of to him as nuisances, and keep a full record of the same. CRIMINAL COURT.

Fourteenth Day's Proceedings.

The court resumed at 9 o'clock yesterday morning, Hon. George W. Johnston on the bench, and Lee Chambers presiding at the clerk's desk.

In the case of the Commonwealth against George W. Johnston, his recognizance was declared forfeited.

Mildred Ann Bennett and Mary Bushy were jointly indicted for stealing a lot of clothing. A severance was asked and granted, and Bennett was first put upon trial. The jury found her guilty and committed her for one year. A different jury in the case of Bushy. The jury had not agreed when the court adjourned.

The case of Pat King was set for February next before the court on a joint indictment for robbing an old wood-sawyer of about \$50. They were granted separate trials, and King was first put upon trial. The jury found him guilty and committed him for three years. The case as to Millie Jackson was continued and her own bond taken in \$50 for her appearance.

Henry Nuss was sworn in as an attorney.

The court met again at 9 o'clock this morning.

WOOD'S THEATER.—The exceedingly inclemency of the weather deterred many from turning out last night, and there was not as large a crowd at this theater as we would like to have seen. We took upon Mr. Conkling as one of the finest characteristic actors on the American or any other stage, while his beautiful and accomplished daughter possesses a very large amount of dramatic talent, and wherever she has appeared she has received the warmest approval of the press and the public. The Luke Fielding of Mr. Conkling last night in the Willow Cope was warmly received. To-night we are to have the Chimney Corner, one of our finest dramatic thesises. Mr. Conkling is a first-class actor, and Mr. Conkling will appear in the principal parts.

DR. SWIFT, the Medical Director of this department, desires us to state for the information of discharged soldiers, who have been mutilated in the service, that upon application to his office, they can obtain an order upon any government manufacturer for an artificial arm or leg upon presentation of evidence of honorable discharge and that the wound causing the loss of the limb was received in the line of duty. This order is furnished by the Government free, and does not affect any pension or bounty claim the soldier may have. Col. Swift considers this notice necessary, as it does not appear to be generally known that the Government has made this provision.

SWINDLING.—One of our Mainstreet merchants was victimized out of a few bottles of wine yesterday, which was developed upon each number of the board and urged that they perform that duty with pleasure and earnestness.

Dr. Pyles asked if it would not be advisable to require the Health Officer to hold post-mortem when they are required. The report of the committee was received and the committee discharged.

In regard to the suggestion of Dr. Pyles, Mr. Bell said that he thought the duties of the health officer were sufficiently arduous.

The report was so amended that the office of the health officer shall be kept open until 6 o'clock from April to November, and until 5 o'clock from November to April.

The resignation of Geo. A. Walden was read and accepted.

The board then went into an election for a member to fill the place of Dr. Walden. There were three candidates, and the election was held as follows:

Dr. Pyles moved that the board go into an election for health officer at this time. The resolution was, after some discussion, withdrawn.

It was then moved that the election of health officer be postponed until Wednesday night, which motion was rejected.

The board then proceeded to a choice of health officer, which resulted as follows:

RATINGS.

Dr. Pyles was elected Health Officer. This nomination has to be ratified by the Council.

The next was the election of Assistant Health Officer, which resulted as follows:

A motion was made that the Secretary be instructed to notify the gentlemen of their nomination, and that if they accept, to let the election of the Council stand.

The motion was carried, and the gentlemen were notified of their nomination, and they all accepted.

MEETING OF KENTUCKY OFFICERS.

A call for a meeting of Kentucky officers, who are to be held in the city of Louisville, during the week, at the residence of Mr. Johnston, at 11 o'clock on the 7th of April next. All the officers are prominent and influential citizens, and will have distinguished themselves in the field.

The desire to recall the "moving accidents by flood and field," which attended their campaigning during the eventful year of rebellion, is a powerful motive. Many doubtful points in the history of the war in Kentucky will, doubtless, be elucidated during the interesting discussions and interchange of views which will attend the occasion.

The most romantic and thrilling incidents of the war were especially frequent during the guerrilla warfare which prevailed in many sections of Kentucky. It would be a pity for these recollections to be entirely lost.

The record of the proceedings of this contemplated convention of officers will, perhaps, preserve to history many interesting reminiscences, which would otherwise pass into oblivion.

There are some names of gallant and prominent Kentucky officers omitted in the list. They will doubtless be heard from when the convention assembles.

We are cognizant of the thorough grit and fighting qualities of one company of the 15th Mounted Infantry. Captain Prange is a plain, unpretending, adopted citizen-soldier, but his military and his experiences among others. It would be a pity to lose these qualities of one of our best soldiers.

We hope this movement will result satisfactorily, and that a full attendance of the representatives of Kentucky Federal regiments will be secured.

The A. T. Stewart Hotel Case.
Columbian Insurance Company.
Parish of Madison in New York.

Marriage of Mrs. S. A. Douglas.
British Bank Dividend Capstayed.
Eight Persons Reported Lost.
More National Currency Issued.
Attempt to Burn Hinesville, Pa.
Confirmations by the U. S. Senate.

New York, Jan. 25.
The A. T. Stewart Hotel case, which has been pending in the U. S. Circuit Court for several days, was finally decided by the court. The court held that the hotel was a public building and that the insurance company was not liable for the loss of the hotel.

The British Bank dividend, which was expected to be paid today, has been postponed until next week. The reason for this is that the bank is waiting for the results of a recent investigation into its affairs.

Eight persons were reported lost yesterday in the mountains of New York. The search for them is being conducted by a party of men and dogs.

The U. S. Treasury has issued more national currency, bringing the total amount issued to over \$100,000,000.

An attempt was made yesterday to burn the town of Hinesville, Pa. The fire was quickly extinguished, however, and no one was injured.

The U. S. Senate has confirmed the appointment of several new judges to the federal bench.

The U. S. Circuit Court has decided in favor of the insurance company in the Stewart Hotel case.

The search for the missing persons in the mountains of New York is continuing.

The U. S. Treasury has announced that it will issue more national currency in the near future.

The fire at Hinesville, Pa. has been investigated and the cause has been determined.
